A great opportunity to secure this substantial allotment in a popular area which has become a redevelopment hotspot. Whether it's an investment property or building/subdividing opportunity (s.t.c.c.) you are looking for - this could be the one!

Located close to local schools, shops, and Armada Arndale Shopping Centre and cinemas, this is a chance to secure a clean unencumbered property in an increasingly popular location.

The site currently contains an original timber frame home and garage which could be improved and rented while waiting for your plans to be approved.
